We have acquired the adjoining properties on the north side, occupied by Wm. Ballantyne & Sons and Emil West—giving us an additional frontage of 50 feet and an increase of floor space of over 25,000 square feet. After extensive improvements to the front and interior of these buildings, and the ones we occupy at the present time, new elevators installed and new departments added, we will be better equipped to meet the requirements of our many customers than ever before.

Our Great Rebuilding Sale Starts Tomorrow at 8 A.M.

This sale will without a doubt eclipse anything of the kind ever attempted by this or any other store in the District of Columbia. Our stocks must be reduced and practically closed out before the workmen can begin tearing down the walls. In order to do this great sacrifices must be made. These will start tomorrow and continue indefinitely. Some of these lots are small, others are large; but in every instance the sacrifice price will continue until every item is sold. New lots will be added each day. Watch our daily announcements. Scan every item closely, anticipate your future needs, and supply them from the greatest bargains we've ever offered. See other papers for additional bargains.
